A MONG OWNERS AND DEALERS.

RECORD PRICE FOR SPRING STREET FRONT.

Charles Munroe Obtains the Holdings of George J. Denis—Hill-street Property, Near First, Purchased by Local Investor—Seventh and Valencia Corner Sold at an Advance.

By a transfer that John D. Foster & Co. report, another record-price sale has been made on Spring street. This deal embraces the twenty feet, jointly owned by George J. Denis and Charles Munroe, on the west side of Spring street, between Fourth and Fifth streets, that adjoins the property occupied by the Niles Pease Furniture Company. Mr. Munroe purchased the Denis one-half interest for \$20,000, bringing the front foot value up to \$2000. In June, 1903, Foster & Co. sold this lot to Munroe and Denis for \$40,000.

Central Avenue Corners.

That no part of Los Angeles seems to be overlooked, in the general real estate activity, the recent sales made on Central avenue and reported by J. W. Gisselmann are of interest, and are given as follows, the exact consideration being in evidence:

For J. Fearnley to Cathmor Stamps, the southwest corner of Central avenue and Twenty-fifth street, for \$10,000. The property has a frontage of 120 feet on Central, and extends from the city line east and is improved with six one-story stores. This property was sold Tuesday at an advance to Howard G. Shewer for \$12,500.

For John M. Dies to Ida M. Polkinghorn, the northwest corner of Adams and Central avenue, 75x150 feet, for \$15,000, that is improved with a three-story frame building.

For Paul Holman to J. Fearnley the northwest corner of Central avenue and Twenty-seventh street, with lot 75x150 feet, improved with a two-story building for \$8500.

Westlake Residence Sold.

In the Westlake district the handsome nine-room frame residence, No. 1018 Westlake avenue, owned by George P. Thresher, has been sold through Almon H. Jones, 75x150 to Ida H. Harris. The lot included in the sale is 50x150 feet. The purchase was made for a permanent home.

Lewis Tract Sale.

In the Lewis tract has been sold all of the lots, except those held back to Alfred Terpening of Pittsburgh. It will be W. O. Lewis for \$16,000. This block is to be subdivided by the purchaser into six lots each about 50x135 feet. The restrictions will be placed at \$7000 for each residence. Mr. Terpening has divided extensive lots to his property, on which he will erect a house to cost fully \$20,000, thus enabling his associates to enjoy an exclusive residential locality. The Lewis tract lies on San Marino and Eleventh streets, and is east of Western avenue, commanding a sweeping view of the mountains and valleys beyond.

Hovey Apartments Purchased.

Bowen & Dalton report that they have sold for \$15,500 the Hoover apartments at No. 3048 Hoover street, to W. A. Goss, for C. O. Hawley. The apartments comprise twelve suites of four rooms each in a three-story frame building on a lot 45x150 feet, and are held as an investment as they are rented for \$240 a month.

BY BUILDERS AND ARCHITECTS.

EXPANSION OF THE CITY STILL CONTINUES.

Great Hotel Project for Immediate Construction by E. A. Brainerd on Grand Avenue—Handsome Homes in Every Direction are Planned and Business Blocks Increase.

With two holidays in this week, just closed, activity in granting building permits was less pronounced. In another column is fully detailed the result of the May building operations, and in this review is carefully detailed the expansion of Los Angeles in the way of new buildings and those that are projected.

Hotel on Fifth.

Another hotel building is planned for the heart of the city. Ground was broken yesterday for the four-story and basement hotel to be erected by E. R. Brainerd on the south side of Fifth street, between Olive street and Grand avenue. The plans have been prepared by Architect C. F. Skilling, and the principal contract has been let to Graham & Eaton. The estimated price of the structure is \$35,000.

The building will be fitted exclusively for hotel purposes, and has been for a term of years to Mrs. Nettie C. Brainerd, proprietress of the Hotel Berlin, in St. Louis. The exterior dimensions of the hotel are 41x100 feet. On the first and second floors will be the usual offices, parlors and administrative rooms of a family hotel, also a twenty-sixty guest room. The structure will be ready for occupancy by the end of September.

Savage Pumping Plant.

A sewage pumping plant and pump-house will be built at the Ocean Park sewage tank, also a wood stove discharge pipe, 10x100 feet, to a sewage farm. The bids for these have been called for. There will be laying and back filling of a wooden stove pipe 2700 feet in one section and 4200 feet in another, also an emergency power plant consisting of gasoline engine and other necessary apparatus. The plans and specifications are on file at the office of the city engineer in the Bryly building.

Activity Among Architects.

For a three-story and basement brick fire and rooming house, the plans of which have been made by Morgan & Smith, architect, bid will be received on the corner of Sixteenth and Main streets for M. Harnett.

Bids for the erection of a six-room frame cottage and laboratory for Dr. J. Locher to be erected on Twenty-seventh and Hill streets, Figueroa, will be received this week by Architect Fernand Parmentier.

Plans for a seven-story and basement building to be erected on "the east side of Spring street," near Fourth and Fifth streets, are being prepared by Architects Theodore A. Elson for the Delta Improvement Company. The building will be 60x155 feet. One story buildings

on the property are being offered for sale and bids for their removal will be received this week. It is stated that Anderson & Chancellor, the grocery firm, will occupy the first floor of the structure. The promoters of the enterprise are W. W. Stowell and George Chaffee of the American Nations Bank.

On the southwest corner of Sixth and Spring streets a seven-story and basement store and hotel building will be erected for Dr. Henderson Hayward. The foundation walls and footings will be of reinforced strength to sustain a height of ten stories in height. Reinforced concrete will be used throughout and columns and girders of the same material will be built. The building will be faced with pressed brick facing. Composition roofing, slate floors to corridors and scaglia to be used for wainscoting will be a part of the building material.

Architects are ready for a two-story residence to be built for Texaco Co. on Oxford street, near Sixteenth and J. Rivers. Blue brick, foundations, porch walls and piers and open chimneys of the same material, cement porch floors and steps, rustic and shingle roof, will be used. Large windows, beamed ceilings, paneled wainscoting, brick mantels, pine trim and furnace are specified.

Louis Schwartz will erect at once a two-story, twelve-room residence, for which plans have been prepared by Architect John P. Kinnear. The residence will be built on New Hampshire street, south of Pico. The lower story will be of brick and stone, the second story will be timbered and plastered. Brick and stone fireplace, built-in and hardwood floors, beamed ceilings will be used in the principal rooms.

A great majority of the naval archi-

against the sudden adoption of this

scheme. They ask the Admiralty to wait until the lessons of construction that may be learned from the battle of the Sea of Japan can be studied.

They point to the great fact that the battleships Retzvian and Czarevitch,

which were constructed abroad, were

attacked twice without number by tor-

pedoes and shells at Port Arthur, and

yet they are even now afloat, while

Admiral Rojestvensky's ships, which

were built at St. Petersburg and Libau,

were sunk in a few hours. The ex-

perts declare that the latest built bat-

tleships at St. Petersburg were for-

mitable only on paper. The elec-

trical rules of naval construction

were not observed.

"LET US HAVE PEACE."

ST. PETERSBURG, June 4, 2:10 a.m.

—The Russian government has

shown that it has not weakened in

this hour of disaster. Instead of yield-

ing to the stormy demands which the

radicals hoped Admiral Rojestvensky

would force the government to grant,

the Emperor issued, a ukase, Sunday,

conferring greatly increased powers on

Governor-General Treppoff, making him

assistant Minister of the Interior in

place of Maj.-Gen. Rydzekay, who is

made a senator, also chief of the De-

partment of Police and commander

of the Corps of the Gendarmerie. Gen.

Trepoff is given the right by the ukase

to close all assemblies and congresses;

to suspend indefinitely all societies,

leagues and other bodies manifesting

pernicious activity, and to take all other steps necessary to preserve order so as to prevent interfering with the revolutionary propaganda.

DESTROYER REACHES SHANGAI.

BY THE ASSOCIATED PRESS—P.M.

SHANGAI, June 4.—[By Asiatic Cable.] The Russian torpedo-boat de-

stroyer towed into port today, reports

that she drifted about six days. There

were 150 men on board, and there was

very little food for them. Only one

day's supply of water was left. The

destroyer is damaged forward, and her

crew has already been transferred to

the Russian transport interned at Woosung.

MINOR ENGAGEMENTS.

BY THE ASSOCIATED PRESS—P.M.

TOKIO, June 4.—[By Asiatic Ca-

ble.] It is announced at Imperial

headquarters that the following has

been received from the headquarters

of the Manchurian armies:

"At 7 o'clock on the morning of

June 2, the enemy's cavalry, num-

bering about thirty, came to recon-

sition the setting of a definite date for

the commencement of independence.

Recent meetings were devoted to dis-

cussion of alleged abuses in the con-

sideration of the service; continuance

of Spanish as the official language for

ten years; reduction of taxes; reduc-

tion of tariff; amnesty for political

prisoners, and reorganization of the

commission, so as to make it consist

of three Filipinos and two Ameri-

cans.

The party will probably tackle Sec-

retary Taft. It proposes to send a

petition to Congress. One faction con-

tinues to favor ultimate Statehood.

THOSE AM

GREAT HIT BY BAND OF BOYS.

League of the Cross Cadets
Capture the Town.

Thousands of Knights Have
Invested Los Angeles.

Distinguished Officers to Get
in This Morning.

TODAY'S EVENTS.

At 8 a. m. Special train leaves Los Angeles for Pomona, bearing company of 150 Knights of Columbus to meet incoming "Official Train," and extend greetings to the Supreme officers. The combined party will reach Los Angeles at 10:30 a. m., when a procession will be formed and the guests will be escorted to the Angelus Hotel.

At 1:30 p. m. Free excursion to visiting Knights and their ladies, to Long Beach, over the Pacific Electric Railway. Visitors may return to city on any cars during the afternoon.

At 8 p. m. Public reception to the Knights by the Los Angeles Chamber of Commerce.

"Sir Knights, the town is yours!" This is the sentiment expressed on a huge banner flung across the street in front of the City Hall; and this is the spirit of the welcome everywhere accorded to the visiting Knights of Columbus.

The grand begins from the eastern council to this city is at its climax. All day yesterday the guests were busy getting located. Today there will be even greater activity, and the visitors will begin to arrive at 7 o'clock this morning. Several special trains are due from 7 to 9 o'clock, and at 10:30 the Supreme Council officers will come in.

The feature of yesterday was the arrival of the first large delegation from Wisconsin, about a hundred in number, which was followed by a train bearing almost as many Knights. The first train had among its passengers the popular League of the Cross Cadets Band. These handsome young men were in striking uniform of red coats, dark blue trousers with red braid down the legs, and they make music that is catchy and popular.

A parade was formed, headed by the band, and the company marched from the Arcade station to the Lankershim Hotel, making a tour of the business streets. At the hotel they gave several selections and were warmly cheered.

The League of the Cross Cadet Band is composed of forty-six players, and is under the musical direction of Capt. E. T. McGehee, of the First Regiment, League of the Cross. With him are Capt. Benjamin T. Crawford and Capt. Lester Coughlan, and the leader of the band is Ernest Williams, who has had these young men in charge for the past two years.

There are still members of the League of the Cross, a total-abstinence order, founded by Archbishop Montgomery when he was a priest at St. Mary's Cathedral, eleven years ago. The League of the Cross has grown and spread to many locations in California. It has organizations at San Francisco, San Mateo, Oakland, Eureka and Sacramento, with more than 1200 members in the uniform rank.

The band will be quartered at the Hotel Cadillac on South Main street during their stay. Last night they serenaded the newspaper offices, their playing attracting large crowds.

Mme. Modjeska and a corps of ladies are stationed at the Hotel Lankershim, where they are welcoming the women in the excursion parties. This famous Polish actress, and her son, James H. Randall, the author of "Maryland, My Maryland," and other famous Southern songs, will be guests of honor at a tea given by the Ebell Club at 3 o'clock.

CLERGY HERE.

It is expected that Archbishop Montgomery will arrive in this city this morning. Already there are many prominent clergymen here, and this number will be largely swelled during the day.

Among those now in the city are Rev. Mrs. Murphy of the Dominican Church, and Rev. Dr. P. J. McGuire, of the Church of the Holy Redemptor, San Francisco; Rev. J. P. Tobin of the Mission Dolores; Rev. M. D. Slattery of St. Anthony's Church, San Francisco; Rev. Mr. O'Neil of the Church of the Immaculate Conception; Rev. J. McQuade of the Church of the Sacred Heart; Rev. Phillip Byrne of the same church; Rev. Francis Molton, St. Patrick's Church, San Jose; Rev. John J. Cullen, St. Joseph's Church, Mountain View; Rev. T. J. McConell, Father P. J. McGuire, A. V. Conlin, Miss Conlin, Alice Coblin, John Jacklin, Harry Hossefer, E. R. Myrick.

MORE DECORATIONS.

All day yesterday a corps of men as placing new decorations on the business streets. The railway companies furnished 200 more flags to be used in the decorative scheme; and this morning the downtown streets will be gay with the tri-colors of the Columbians, the American flag and the state and gold, Paul colors.

reparations for Children's Day next Sunday—Large Classes Convened at Catholic Churches—Delegation to Start for Toronto—Revivalist's Return.

ug E. Smith, the evangelist, arrived in the city last Friday and will be at his home on West Eighth street August. He has recently closed remarkable revival seasons in the Washington Heights Methodist Church New York, where Rev. J. W. Campbell, formerly pastor for four years of First Methodist Church in this city, is now preaching.

E. A. Healy and Hugh Gibson, from Toronto, where they are delegates to the International day-school Convention which meets June 24-27. These gentlemen will make a special effort to secure the big convention for Los Angeles at its next session in 1906. Rev. Day as president of the Church Federation, Mr. Gibson secretary of the Sunday-school Association and Dr. Healy, who is a Canadian by birth but has just received upon him the degree of doctor of divinity by the Toronto University, have power strong enough to bring the convention across the continent.

A series of sermons which Mr. Day been preaching Sunday evenings will cause him to run through the West, but will return on his return, August 1.

monthly twilight communion and visitation of members at the First Congregational Church will be held next day afternoon at 5:30 o'clock. In morning there will be the annual men's day services.

McIntire preached no sermon at First Methodist Church yesterday evening on account of the communion service, but thousand members partook of the sacrament and the pastor baptised children and received new members into the church.

Mrs. Hugh K. Walker will have a reception to the members of his church congregation this Sunday at their residence, No. 1713 S Flower street.

SUNDAY is children's day and services in a large number of places will be given over to the boys and girls. There was a beautiful ceremony at Vincent's Sunday morning when girls and seventy boys received first communion and confirmation, girls dressed in white, with veils bearing candles, circled about the grounds of the church and school where they were met by the boys, and all entered church in procession. An important feature of the ceremony of receiving these young people into the church was the giving of the temperance pledge whereby each child promises to abstain from all intoxicating liquors up to the age of 21 years, in the name of Christ.

Rev. Conaty presided over the ceremony of confirmation after preaching sermon. At vespers in the afternoon a feature of the service was the procession when all the children were saying the rosary and candlelight was given to the statue of the Virgin. A large class was also met at St. Vibiana's Cathedral.

R. O'Connell, rector of the Cathedral at Washington, D. C., the recently elected vice-rector of the Charles Carroll Grammar School, will return to Rome this summer and it is expected that Mr. O'Connell will return as rector of the university, understood that Dr. Grannan will be to that post at the opening of the academic year, and Mr. O'Connell will be to that post at the opening of the academic year, and Mr. O'Connell will be appointed rector of the university. Mr. O'Connell is said to be heartily desirous of retiring from rectoryship. The trip to Rome is ostensibly for the purpose of laying the Pope plans for the introduction of an interdenominational college in the university. Dr. Grannan is the ablest scholars in the church.

HANAPOLIS (Ind.) June 4.—(Associated Press.) The partial denial by the Chicago grand jury not by organized labor leaders to David M. Parr, president of National Association of Manufacturers and Citizens' Industrial Association, an anti-labor union organization, has been followed by developments in this city which show that he has been apprised of such a plot and has been constantly on end. Parr said today that he informed nearly a year ago of the gains in him. He has had two exposures which have served as warning that his life is in danger.

FOUND SHOT TO DEATH.

George Baldwin Goes to Protect Two Girls and All Three are Seriously Killed.

BY THE ASSOCIATED PRESS.—P.M.

HILLSBORO (O.) June 4.—Three young persons, Madge Dines, aged 14; Nettie Hart, aged 16, and George Baldwin, aged 18, were found shot to death in an upper room in the home of Ed Dines, a farmer, and father of Madge, three miles out of the city, late tonight. The girls were slain with a revolver. The man's brains were blown out with a shotgun. The latter weapon was found in the room in which the bodies lay. The theory that the young man murdered the two girls and then committed suicide is not entertained, though certain circumstances point to that conclusion. A fourth person is suspected, but the identity of the alleged murderer and his motive are withheld.

The shooting discovery was made by Mr. and Mrs. Dines on returning from Hillsboro, where they had attended the graduation exercises of the High School. Details of the relationship of the young people have not been learned. The place beyond the fact that George Baldwin is a neighbor, the son of a farmer and a friend. He visited the Dines home tonight ostensibly to protect the girls in the absence of Mr. and Mrs. Dines. Nettie Hart is said to have been employed as a domestic.

Ownership of Five Dollars Piece—Two Candidates in Jail.

These two malitious picnickers, grabbing my five dollars when I dug him out from the place where I dropped him, "an' I'll be even with you," wildly exclaims Magdaleno, as a postscript upon a bunch of prominent gesticulation at the Second and Main streets bridge yesterday morning.

CALLED HIS BLUFF.

F. E. Scott Went to Police Station Looking for Trouble and Speedily Found It.

Because he had the large sum of \$4.65 in his pocket, F. E. Scott, a collector, who resides on West Ninth street near Figueroa, solemnly declared at the Police Station yesterday morning that he was afraid to go home and demanded that a policeman be sent with him to prevent his being made the victim of highwaymen. Scott pretended to have several hundred dollars on his person and when asked where he had been for a time, but when finally he made such a nuisance of himself that the police were obliged to lock him up, they found less than \$5.

Scott owns a sorrel horse which he himself stabled and no other man would ride, but he drove the animal downtown Saturday night and tied it in the street. Nearly three hours later Patrolman Daniels found the horse there and took it to the Fashion Stables on East First street. Shortly after 1 o'clock yesterday morning, Scott appeared at the Police Station and claimed the theft of his horse. When told what had become of the animal he became greatly enraged, made dire threats, demanded that a policeman be sent to bring his horse to the Police Station and acted in a childish way.

When he was ordered for his horse was tendered to him he refused it, saying he was afraid to go to the stable at that hour because he had so much money that he might be held up. For nearly an hour he ranted about the Police Station and finally was ejected. Then he got into a cab, Albeit out of breath and demanded that the patrolman issue orders to the police force to do what he desired, but he got little satisfaction. At 3 o'clock he returned to the Police Station and renewed his threats against all who had anything to do with stealing his horse where it would be cared for. The horse was promptly and properly locked up. Scott is said to have been more or less familiar with a certain "blind pig" in Pomona, and is well known in that city.

CHILD TAUGHT HOW TO STEAL.

SERIES OF CRIMES TRACED TO MEXICAN FAMILY.

Girl of Thirteen Used by Her Father as Means of Getting Dishonest Living—May be Deported to Mexico. Pioneers Protest Against Autos on Mountain Roads.

SAN BERNARDINO. June 4.—Sheriff Ralphs has been notified of the arrest at Colton of Rosita Ialia, a 13-year-old Mexican girl, and a man, the former charged with shoplifting and the latter with receiving stolen goods. Among the complainants is a local clothing house, and at Colton several merchants complain against the pair. For some time the stores have been missing goods, and suspicion fastened on the girl, all of the goods stolen being such as would attract the feminine heart, being gaudy ribbons, handkerchiefs, lace and embroidery, besides numerous pairs of ladies' high-grade shoes.

Friday night the girl entered the grocery store of Welborn & Phelps at Colton, and Welborn placed two bills, one a \$30 and the other a \$5, on the counter. The girl slipped them under her coat and when a grime started a search she tried to pass them to the man, but was detected and Welborn recovered the money. This incident attracted notice to her criminality and a search warrant was served on the San Bernardino home, where a great pile of stolen goods recovered. The man claimed to have bought much of the plunder from a store here, but it is learned that the goods were really stolen. The preliminary hearing of the case will be held Monday morning at Colton.

It is the belief of the officers that the girl has been cleverly trained as a shoplifter, and is probably one of several children whose operations have enriched older persons among the Mexican population of Colton. If convicted the girl will in all probability be committed to the Reform School at Whittier, though there is some talk of applying a state law under which it will be possible to deport the entire family. Several persons claim that and therefore forfeiting their right to reside in this country, being of foreign nativity.

MAKES THEFT PROFITABLE.

Deputy Sheriff Case last night arrested another youngster charged with chicken stealing. From evidence so far obtained it appears that he has operated alone, and has made a practice of robbing his mother's coop, these thefts covering a long period. The widespread practice of the youngsters of the town in obtaining money in this way has aroused considerable alarm, and it is suggested that an ordinance be passed forbidding merchants buying chickens or other property of boys. The children have been far more involved than have been making good money by their sales of stolen goods, finding a ready market among the poultry and meat dealers about town.

LIKE OTHER TOWNS.

The merchants are up in arms against the San Bernardino Traction Company for leaving the rights of way along its line through the business section tied up, having recently taken up the cement pavement and then torn up the asphalt.

Widespread practice of the youngsters of the town in obtaining money in this way has aroused considerable alarm, and it is suggested that an ordinance be passed forbidding merchants buying chickens or other property of boys. The children have been far more involved than have been making good money by their sales of stolen goods, finding a ready market among the poultry and meat dealers about town.

PIONEERS PROTEST.

The San Bernardino Pioneer Society is drafting a petition to the Board of Supervisors protesting against the intention of the board to allow automobiles to go up the mountain road as far as the toll gate, claiming that the presence of the horseless vehicles will be dangerous. The petitioners wish to open a summer camp at Sunnison's, on the mountains, and therefore will urge their protest with vigor.

USED PIPE AS WEAPON.

David Parks, night watchman at the new Southern Pacific depot, was assaulted by Mexicans last night, escaping serious injury by fighting them off with a piece of gas pipe.

HIGHLAND.

ORANGE GROWERS MEET.

HIGHLAND. June 4.—The stockholders of the Highland Orange Growers' Association held their annual meeting on Saturday at the association's packing-house and elected the following directors: W. T. Noyes, M. H. Evans, E. J. Yokam, Walter Savage, Dr. Williamson and Pierce Coy, all of Highland, and Seth Marshall of San Bernardino. At the directors' meeting these officers were selected: Seth Marshall, president; Walter Savage, vice-president; M. H. Evans, secretary, and Robert Thompson, manager.

PACKING-HOUSE DEAL.

A deal was made Friday whereby another packing-house will be opened for business in Highland. The Gregory packing-house, which had been closed for nearly two seasons, was sold to E. Pattee and W. E. Nye for the stated price of \$3000. The building will be thoroughly refitted with new machinery, and when ready for work will be one of the best-equipped houses in the place. Messrs. Pattee and Nye are extensive growers of citrus fruits, their yearly shipments amounting to fifty cars. The King oranges of this section come almost exclusively from their Baseline orchards.

BOOM IN BUILDING.

The growth of Highland goes on at a rapid rate. Besides the Congregational Church edifice, there are six residences nearing completion. They include that of William Frazer on Atlantic, C. C. Johnson on Colorado, A. L. Bird's and Thomas A. Ewing's in the Frye tract, and George Weber's and A. Moll's in the Cole tract.

GOOD SCHOLARSHIP.

The school year closes with a graduating class of seventeen members, the largest ever graduated from this institution. The following will be permitted to enter High School without examinations, their average being 85 per cent. in every subject during the term: Villa Nye, Olive Hill, Mary Seely, Mabel Desmond, Beatrice Jones, Florence Jarmen, Helen Davis, George Corwin and Karl Lindsay. Last year there were only twelve graduates.

Owing to the change in the time schedule of the Valley Traction Company, the car that formerly left Highland for San Bernardino at 8:25 in the morning will hereafter leave at 8:35. This will be hard on the High School pupils, as it gives them only two minutes.

BEAT HOLD-UP BY SPYING.

SANTA ANA MAN SAVES HIDE AND MONEY FROM ROBBER.

Attacked by Thief with a Club, He Makes Spur on Wheel and Safely Reaches Home—Placentia Youth Arrested on Serious Charge—Sunday Boom at Newport Beach.

SANTA ANA. June 3.—A bold attempt was made to hold up J. A. Hankey, the North Main street bicyclist man, as he was returning home from his store about 11 o'clock last night. The attempt was made on East First street, within two blocks of Hankey's home. He was riding his wheel, when a man armed with a club sprang from the side of the road and placed him in the path of the bicycle. Mr. Hankey gave a lusty yell and by a quick turn of his machine evaded the would-be robber and sprang safely away. It is thought that the man was familiar with Mr. Hankey's movements and believed he would be surprised to find cash with him from his store after the close of business Saturday night.

ON A SERIOUS CHARGE.

Nicolas Mero, aged 25, was arrested at his home in Placentia today on a charge of trying to rape the five-year-old daughter of Romeo Dabate, also of Placentia. He was taken to Fullerton and failing to get \$500 bonds was brought to the County Jail tonight. Marshal Ruddick. He will have a hearing Thursday at Fullerton.

BOOK AT NEWPORT.

One of the largest crowds of the season was at Newport Beach today. The real estate boom in progress there is no longer a secret, and the sale and selling of lots went on at a lively pace all day today, much property changing hands. During the past week between \$150,000 and \$175,000 worth of property has been sold, and in the East Newport Town Company's tract everything for sale has been disposed of.

NEW BEACH RESORT.

It is rumored here upon excellent authority that the Huntington interests have assumed a large interest in the Orange County. The new beach resort seems late on the scene opposite Newport Bay by George E. Hart and other Los Angeles capitalists. Preparations are under way for a further development of the water supply for the place.

"How any of the rulers and pharisees believed on Him?" asked supercilious criticism. Today the fear is lest that the world over will do the same to believe in him. "Why do not working people come to hear us preach?" Partly, it seems to me, because they do not care for the things about which we so often preach, and again, because they do not like the way we preach.

There is a great cry today for the educated ministry. No man living has a warmer and deeper and more profound respect and reverence, if you will, than I have for the wisdom of learning, for the wisdom of education. Yet, we find that when the Son of the Carpenter entered upon his ministry, the distance between the ignorance of the people and the learning of the priests, was not a rift, it was a chasm. The priesthood overcrowding the temple had gone mad with lead and studied in vain, and even they themselves were drawn in to the sweep of the multitudes that made the wilderness a populous city.

I have ever held, Rev. Bur-

TAKE HIM FOR PEEPER.

Chief of Police Pishkin and Officer W. S. McIntyre yesterday arrested one Arthur Worgitzky, a Slavonian, and laid him on suspicion of being the mysterious stranger who has been peeping into a number of houses in the city. He was found to be a man of about 27 years, of medium height, with a mustache, and intelligent features.

FOUND DEAD BESIDE A ROAD.

UNKNOWN MAN ENDED HIS LIFE NEAR ALHAMBRA.

Shot Himself Through the Head but Left Nothing by Which His Body Could be Identified—Had Been Seen in That Vicinity Before, and Was Considered Insane.

ALHAMBRA, June 4.—A Frenchman and his wife, driving along Alhambra road to Los Angeles this morning about 7 o'clock, when crossing Maringo avenue, in the northwestern part of the city, discovered the body of a man, evidently a suicide, lying beside the road. A ghastly wound appeared in the right temple and another opening appeared at the back of his head. The flesh was powder-burned, showing that the weapon must have been placed close to the temple. A 32-caliber revolver, of cheap make, with one chamber empty, lay beside the body.

Constable Harley Newell at Pasadena was notified and, on the orders of the coroner, the body was removed to the undertakers parlor of Adams, Turner & Stevens, in that city. Notch was found on the body that would lead to identification.

The dead man was apparently between 50 and 55 years old, and about 5 feet 6 inches in height, with the appearance of a foreigner. The unknown is reported to have been seen at South Pasadena Saturday, when it is said he visited the grading camp of Contractor Young and asked one of the men for a job of work.

A workman who watched his actions at the time declare the fellow was evidently mentally deranged. Coronor Trout will hold an inquest at 3 o'clock this afternoon at the undertaking parlors in Pasadena.

Secretary Stonewall Salles noted that the attendance at the school had increased to such proportions that the primary class had an average attendance of fifty-seven pupils, and it was necessary to provide more room and an additional teacher. The question of building an extra room was discussed but found no supporters, it being the unanimous sentiment of the meeting that the time had arrived when the schoolhouse should be more centrally located and the present building and land sold. The trustees were instructed to call an election for the issue of \$12,000 bonds, for the purchase of land and the erection of a new up-to-date schoolhouse, which will be located near the center of the town.

A strong protest was made against the nuisance which the Santa Fe Railroad Company had maintained for a number of years outside their station here, which is a menace to the health of the town, and a committee was formed to wait upon the health officer and insist upon its removal.

A question discussed in all religious papers all over the country was whether the workingmen left the

GAVE FRIENDS THE SLIP.

POMONA, June 4.—To many bright couples it is the good fortune to escape their friends and their supply of old shoes and rice. This morning at 6 o'clock the marriage of H. Denny and Miss Florence Seeley was solemnized at the home of the bride's parents, No. 829 East Fourth street. Rev. R. D. Shepherd performed the ceremony. So well did the young people keep the secret of the hour from their friends, they were out of town two hours before the nearest friends knew of it. Mr. Denny is a clerk in the American National Bank. Both the bride and Mrs. Denny are prominent in the Christian Church.

The Strand residence of George Jones, for whom the contract has been let, is to cost \$475. It will be a two-story eight-room house and residence.

MONROVIA.

FLOWERS FROM SNOWFIELDS.

MONROVIA, June 4.—Souvenirs of an arctic mission trip to Mount Washington, 6,000 feet above sea level, are exhibited by four young men in the blood red snow flower that was picked when it lifted its head above the white blanket that still covers this one of the Sierras. The flower resembles a hyacinth in form with the addition that, from its individual bell-shaped flowers, petal-like extensions grow out from them until it seems the flower wears a cloak from the frost in which it grows. The stem shoots up from the snow without foliage and is as red as the blossom at the end. It is said to follow the melting snow, but the flower is found in the snow, as is frequently the case.

The party that discovered them walked eight miles of mountain trail in seventy-five minutes, driven by Mr. Wilson's Peak from here, through West Fork, Pine Flat and Chilila Cabin. The trip was undertaken for pleasure and was a hard but interesting one. Louis Reed, Henry Gleicher, W. H. Thompson, and Ernest Reed were the climbers.

Edwin H. Conger, the new American Ambassador, has arrived at Mexico City. He came out at the railway station by Señor Alberto Ruiz, First Secretary of Ambassadors, and Second Secretary of the American Embassy. Heimlein, Officers of the Society of the American Colony later went in a body to the Ambassador's hotel to welcome him.

NEWS AND BUSINESS.

Wardrobe Depleted.
Ed Ommen complains to the police that his wardrobe was sadly depleted through the entry of some unknown person into his room at No. 452 South Hill street Saturday night.

Robbed the Wagon.

A boy, rather vaguely described as between 16 and 17 years of age, is accused of having robbed a wagon of the Merchants' Rapid Delivery Company of two packages of merchandise. The wagon was stuck unchanged on Twenty-seventh and San Pedro streets Saturday night.

Hurt for Brother.

Chief Clerk Balch to General Manager Wells of the Salt Lake yesterday asked the police to assist him in finding the brother and sister residing in this city of Henry Schmidt, a section foreman of the road, who died on one of the trains of the company yesterday.

Handsome Gift to Pastor.

Members of the Pico Heights Congregational Church surprised their pastor, Rev. J. M. Schaeffer, yesterday morning, with the presentation of a handsome communion service and table, a set of silver plates, a set of plates in carpet for the choir loft. The presentation was made at the close of the morning service by Misses Sturges and Bigler.

Trunks Rifed.

Some did it with his little hatchet, but neither Andrew Chort nor J. B. Brock, fellow-roomers at No. 434 Lafayette street, nor for that matter as yet the police, know who rifled the trunks. It may be night, leaving nothing behind but the carpenter's tool with which the locks of the trunks had been forced. In Chort's trunk was \$154 and a revolver, and in Brock's \$200 and a revolver. The thief is supposed to have entered through an open door during the absence of the victims.

Loot Temple Men.

Rev. Dr. T. G. Graves led the last meeting held in the old Temple Auditorium, previous to the beginning of the work of destruction, at midnight. It was a prayer service, and was well attended and of lengthy duration. Dr. Graves and those present were it was one of the most enjoyable religious sessions in their existence and when shortly after 11 o'clock, it concluded with the old Doxology, all voted it a fitting close to the old building's history.

Pickpocket.

The police think it was a grim joke to play on C. R. Grimm, when he went through his pockets while he was laying the entertainment afforded by a Penny Arcade late Saturday night. The difference to Grimm amounted to \$6 in cash and a bottle of beer, both being extracted from his pockets as he left. At the time he left the rest of the beer was acutely, for he had accumulated but a mild jaundice. He was taken ill in an attempt to reinforce him. And who feeds 'em something' that fitter 'em—corn dodgers an ash cakes. But you can't get nuthin' in this place like that.

"And I'm goin' right back to Temple soon as I can," she said, as she moved away with her aged husband toward the incoming train.

Who Goes to Salt Lake?

This morning at 9 o'clock a decision will be reached as to who are to compose the party of 200 to become guests of the city yesterday from Chicago, to take in the annual Chin Jui Yon, who is in charge of the Chinese Club on charge of forgery. Chin is described as a "foxy" celestial, who ingratiated himself with one Louis Kong, a well-to-do laundry man. Kong had \$500 on deposit in the Oakland National Bank and this money Chin is alleged to have drawn from the bank. The investigating officer is Mack, a Chinese missionary. Chin will be taken back to Chicago to face a charge of forgery. He was arrested by the local police.

Drunks of a Dry Day.

The largest and most varied salaried drunk in the city will face Justice Chapman in the Police Court this morning. All late records for Sunday were broken yesterday when the police rounded up thirty-three intoxicated individuals. Nineteen others remained in jail as late as after court adjourned Saturday morning. Fifteen and Los Angeles streets, as usual, furnished the largest quota, but the woosy ones were found in all quarters. Even the new University sub-station gathered in several of the befuddled individuals. A salaried patrolman of the various restaurants where liquor is permitted to be sold on Sunday in prescribed quantities, but only one violation was reported.

Dr. Tyndall's Lecture.

"Humankind in the search for happiness," said Dr. Alexander J. McTyndall at Blanchard Hall last evening. "It's like a moth to the flame." He then fondly from side to side, rushing blindly from one point of his prison to another, spending his life-force vainly. All race, effort has been in the direction of ex-

ternality. Cease the frantic effort, rise gently and rhythmically up, and you will find the way unimpeded." A musical programme was rendered at the meeting, which was well attended. A special feature was the piano solo of "Bohemian Girl," a young German at present resting in this city. In a Chopin waltz Von Stein denominated himself a brilliant and sympathetic player, and was accorded hearty applause by his audience.

Women Suffragists.

The Woman Suffrage Association will meet Monday afternoon at the Woman's Clubhouse, No. 940 South Figueroa street. Among those who will speak are Mrs. M. S. Gerber of this city, and Mrs. E. B. Ketcham of Grand Rapids, Mich.

BREVITIES.

The voice "Liners" in the Sunday Times has been so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier; especially Sunday real estate announcements, which in order to be printed must be in the office no later than 10 a.m. on Saturday morning. Printing of all real estate papers, including advertisements, in a pari a itself on Sundays involves somewhat slower press work, making it essential for the owner to get the paper out on time, to stop the presses, return to the office at 6 o'clock Saturday night. Dealers will confer a favor on The Times office if they will turn in Sunday copy on Fridays, when possible; or at least a part of it. We will balance early on Saturday morning. "We will be pleased to be phoned by phone and over the counter until 11 o'clock Saturday nights."

"AIN'T NO GOOD HOG."

Why She Left Los Angeles and Started Back to Temple, Tex., Direct.

She was a typical figure of the Old South as she stood looking wistfully up the tracks at La Grande station while waiting for the arrival of the belated Overland.

Attired in deep black with a shawl around her shoulders she complacently stepped from a tin box, anon winning the corner of her shawl with the shawl. Beside her stood a man with a long white beard. This pair looked strangely out of place and the usual crowd of hangers-on about the station regarded them with curiosity.

"I can't get no good hog meat here, neither," she said, as several longe edges closer. Ignoring her audience with the exception of one man whose face betokened sympathy, she continued: "It takes corn to fatten hogs and make 'em good. They ain't got the right kind of corn here like they got in Temple, and the hog meat frows ever since I been here."

"I can't get no good hog meat here, neither," she went on, as several longe edges closer. They ain't got the right kind of corn here like they got in Temple, and the hog meat frows ever since I been here."
